- Call a poison control center or doctor for treatment advice.

**NOTE TO PHYSICIAN**

- “DO NOT ENTER/NO ENTRE: Pesticide Application/Aplicacion de Pesticida”
- “NO SWIMMING ALLOWED”
- “-the name of the product
- - the start date and time of application
- - the end date and time of application
- - the name, address, and telephone number of the applicator in charge of application

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

WARNING! Causes substantial but temporary eye injury. Harmful if swallowed. Do not put in eyes or on clothing. Avoid contact with skin.

**PERSONAL PROTECTIVE EQUIPMENT (PPE)**

- Eye protection
- Skin protection
- Respiratory protection

Some materials that are chemical-resistant to this product are made out of butyl laminate or Viton. If you want more options, follow the instructions for category G on an EPA chemical-resistant category selection chart.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

**PESTICIDE STORAGE:** Store in a cool, dry, well-ventilated area. Do not store near heat or open flame or next to food or feed products.

**PESTICIDE DISPOSAL:** As containers are emptied during use, triple-rinse the containers, adding the rinsing water to the irrigation or drainage ditch as part of the pesticide application. Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinse water is a violation of Federal Law. These wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA regional Office for Guidance.

**CONTAINER HANDLING:** Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent) promptly after emptying. Triple rinse as follows: Empty remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water. Replace and tighten closures. Tip container on its side and roll it a back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinse into application equipment or a mix tank or store rinse for later use or disposal. Repeat this procedure two more times. Then offer for recycling or reconditioning if appropriate, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

**WARRANTY:** To the extent consistent with applicable law, seller makes no warranty of merchantability, fitness for any purpose, or otherwise, or expressed or implied concerning the product of its use, which extends beyond the statements on this label.

**ENVIRONMENTAL HAZARDS**

This pesticide is extremely toxic to fish. Fish and other aquatic organisms in water treated with this product will be killed.

**PHYSICAL AND CHEMICAL HAZARDS**

Combustible. Do not use or store near heat or open flame.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**RESTRICTIONS**

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your state or tribe, contact the agency responsible for pesticide regulation.

This product must be applied to irrigation canals through direct injection below the surface of the water. Treated water must either be held on the irrigated field until absorbed by the soil or held in an irrigation canal/field for 96 hours prior to release from the irrigation network into receiving water bodies. Do not allow the treated water to enter any domestic water system. Treated water may be used for furrow or flood irrigation.

**POSTING OF APPLICATION EQUIPMENT AREA**

The working in charge of the application must post signs at the application area, including entryways (e.g., roads or streets) in the access point of application to the canal. Signs must contain the following information and symbol (or comparable no-swimming symbol): - “NO SWIMMING ALLOWED”

**USERS MUSTeward**

• Users should wash before eating, drinking, chewing gum, using tobacco, or using toilet
• Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
• Users should wash before eating, drinking, chewing gum, using tobacco, or using toilet
• Users should remove clothing/PPE immediately after handling this product.
• Users should wash thoroughly and change into clean clothing.
