**Active Ingredient:**

4,5-Dichloro-2-(2-hydroxy-3-[2H]-imidazolone 20.0%

**Inert Ingredients:**

80.0%

**Total:** 100.0%

**KEEPS OUT OF REACH OF CHILDREN**

**DANGER**

**FIRST AID**

**IF ON SKIN:**
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 min.
- Call a poison control center or doctor for advice.

**IF IN EYES:**
- Hold eye open and rinse slowly and gently with water for 15-20 min.
- Remove contact lenses, if present, after first 5 min. then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

**IF INHALED:**
- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth.
- Call a poison control center or doctor for advice.

**IF SWALLOWED:**
- Call a poison control center or doctor immediately for advice.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Have person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**NOTE TO PHYSICIAN:** Probable maximal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be necessary.

**PRECAUTIONARY STATEMENTS**

**HAZARD TO HUMANS AND DOMESTIC ANIMALS**

**DANGER**

**CORROSIVE**

**CAUSES IRREVERSIBLE EYE DAMAGE AND SKIN BURNS**

**MAY CAUSE ALLERGIC SKIN REACTION**

**HARMFUL IF SWALLOWED**

**MAY BE FATAL IF INHALED**

**MAY BE FATAL IF ABSORBED THROUGH SKIN**

This product is a dermal sensitizer. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves and protective clothing when handling. Do not breathe vapors or mist. Avoid contamination of food. Do not take internally. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this pesticide only as specified on this label.

**STORAGE AND DISPOSAL**

**PROHIBITIONS**

- Do not contaminate water, food, or feed by storage, disposal, or cleaning of equipment.
- Do not contaminate water, food, or feed by storage, disposal, or cleaning of equipment.
- Do not contaminate water, food, or feed by storage, disposal, or cleaning of equipment.

**PESTICIDE DISPOSAL**

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticides or rinsewater is a violation of Federal law. If these wastes cannot be disposed of by use according to labeled instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL**

**METAL CONTAINERS**

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

**PLASTIC CONTAINERS**

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

**GENERAL:**

Consult Federal, State, or Local Disposal Authorities for Approved Alternative Procedures.

**CONDITIONS OF SALE AND WARRANTY**

Rohm and Haas warrants that this product conforms to its chemical description and is reasonably fit for the purpose intended for the label only when used in accordance with label directions under normal conditions of use. Rohm and Haas makes no other express or implied warranties, either of merchantability or fitness for a particular use, for a particular use. Storage, handling, and use of the product by Buyer or User are beyond the control of Rohm and Haas. Rules such as all federal and state regulations must be followed. This product is intended for use in non-food use and non-food contact situations, such as metallic roof and wall coatings and mantles, casual, excluding joint cements, spackling, stucco, and grouting. Use 0.12 – 0.56 pounds of ROZONE 2000 Industrial Microbicide per 100 pounds of formulation.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**COATINGS**

For use as a microbicide to control bacteria, algae and fungi in non-food use and non-food contact coatings such as; latex and solvent-based paints, semi-transparent stains and solid stains. Use 0.12 – 0.56 pounds of ROZONE 2000 Industrial Microbicide per 100 pounds of formulation.

**BUILDING MATERIALS**

For use as a microbicide to control bacteria, algae and fungi in building materials such as; glass, mirror, wool and silk, or any other material used in construction and not intended for food use and non-food contact. Use 0.12 – 0.56 pounds of ROZONE 2000 Industrial Microbicide per 100 pounds of formulation.

**ADHESIVE AND TACKIFIER PRESERVATION**

ROZONE 2000 Industrial Microbicide is recommended for the control of bacteria and fungi in starch and dielectric-based paints, water-soluble and water-dispersed adhesives such as animal glues, vegetable glues, natural rubber latexes, polyvinyl acetate, acrylic latexes, and polyvinyl alcohol. ROZONE 2000 Industrial Microbicide is recommended as a preservative for tackifiers derived from rosin and hydrocarbon resins. Use 0.12 – 0.56 pounds of ROZONE 2000 Industrial Microbicide to each 100 pounds of fluid.

This product may not be used for food grade coatings or adhesives that may come in contact with food.

**ROZONE 2000 weighs 9.1 pounds per gallon.**

**Hazard to Humans and Domestic Animals**

**DANGER**

**CORROSIVE**

CAUSES IRREVERSIBLE EYE DAMAGE AND SKIN BURNS

**DANGEROUS TO INHABITANTS**

**HAZARDOUS IF SWALLOWED**

**HAZARDOUS IF INHALED**

**KEEP OUT OF REACH OF CHILDREN**

IF ON SKIN:
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 min.
- Call a poison control center or doctor for advice.

IF IN EYES:
- Hold eyes open and rinse gently and steadily with plenty of water for 15-20 min.
- Remove contact lenses, if present, after first 5 min. then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

IF INHALED:
- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth.
- Call a poison control center or doctor for advice.

IF SWALLOWED:
- Call a poison control center or doctor immediately for advice.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Have person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**NOTE TO PHYSICIAN:** Probable immediate damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be necessary.

---

**Precautionary Statements**

**Storage and Disposal**

**Prohibitions:**
- This product is corrosive to mild steel. Do not store or transport in unlined metal containers.
- Do not contaminate water, food, or feed by storage, disposal, or cleaning of equipment.

**Pesticide Disposal**

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinseate is a violation of Federal law. If these wastes cannot be disposed of by you according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**Container Disposal**

**Metal Containers**
- Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
- Do not incinerate, add to drains or discharge to sewage system. Do not drain contents into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this pesticide only as specified on this label.

**Inert Ingredients:**

- 80.0%

**Total:** 100.0%

**Active Ingredient:**

- 4,5-Dichloro-2-nonyl-3(H)-isothiazolone

**Date of Manufacture:**

**EPA Reg. No.:** 707-262

**Directions for Use**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Coatings**

For use as a microbicide to control bacteria, algae and fungi in non-food and non-food contact coatings such as, films, and solvent-based paints, semi-transparent stains and solid stains. Use 0.12 - 0.56 pounds of ROZONE 2000 Industrial Microbicide per 100 pounds of formulation.

**Building Materials**

For use as a microbicide to control bacteria, algae and fungi in building materials such as; glass, ceramic and tile; paper and paperboard; sacks and bags; celotex, joint cement, plastering, stucco, adhesives and coatings. Use 0.12 - 0.56 pounds of ROZONE 2000 Industrial Microbicide per 100 pounds of formulation.

**Adhesive and Tackifier Preservation**

ROZONE 2000 Industrial Microbicide is recommended for the control of bacteria and fungi in starch and dextrin-based pastes, water-soluble and water-dispersed adhesives such as animal glues, vegetable glues, natural rubber latexes, polyvinyl acetate, styrene butadiene and acrylic latexes.

ROZONE 2000 Industrial Microbicide is recommended as a preservative for tackifiers derived from rosin and hydrocarbon resins. Add 0.12 - 0.56 pounds of ROZONE 2000 Industrial Microbicide to each 100 pounds of fluid.

This product may not be used for food grade coatings or adhesives that may come in contact with food.

ROZONE 2000 weighs 9.1 pounds per gallon.
