HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Pellets or dust may be fatal if swallowed. Do not get in eyes, on skin, or on clothing. Do not eat, drink or smoke while using this product. Wash hands before eating, drinking, using the toilet, or handling children. Avoid contact with eyes, skin, or clothing.

Respiratory irritation is unlikely and, if any contact occurs, air freshener or ventilation should be used. If exposure occurs, wash exposed area with soap and water. If irritation develops, an ophthalmic solution (eye wash), or artificial tears may be necessary.

May cause irritation of the mucous membranes. May cause death.

Toxic if swallowed, inhaled, or if skin contact occurs.

OTHER HAZARDS:

FIRST AID:

Symptoms of overexposure to this product are headache, dizziness, nausea, vomiting, diarrhea and respiratory distress. In cases of severe poisoning, immediate medical attention should be obtained. The following is the suggested first aid measures:

In case of contact:

Inhalation:

- Remove to fresh air.
- If breathing is difficult, give oxygen.

- Give 1 oz. (30 ml) of grapefruit juice or 1 tsp. (5 ml) of mineral oil.
- If vomiting occurs, give 8 oz. (240 ml) of water. If no vomiting occurs, give 16 oz. (480 ml) of water.
- Do not give anything by mouth to an unconscious person.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Treatment is symptomatic and supportive.

In case of exposure:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.

In case of eye irritation:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.

In case of eye irritation:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.

In case of exposure:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.

In case of eye irritation:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.

In case of exposure:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.

In case of eye irritation:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.

In case of exposure:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.

In case of eye irritation:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.

In case of exposure:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.

In case of eye irritation:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.

In case of exposure:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.

In case of eye irritation:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.

In case of exposure:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.

In case of eye irritation:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.

In case of exposure:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.

In case of eye irritation:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.

In case of exposure:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.

In case of eye irritation:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.

In case of exposure:

- Do not give by mouth to an unconscious person.
- Do not give grapefruit juice or oil if the victim is vomiting.
- Have the victim drink 1 oz. (30 ml) of water or 1 tsp. (5 ml) of mineral oil.
