FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF OREGON

FUSILADE® DX Herbicide

EPA REG. NO. 100-1070
EPA SLN NO. OR-040006

For Quackgrass Control in Alfalfa Grown for Seed

This label valid until December 31, 2017 or until otherwise amended, withdrawn, cancelled, or suspended.

Active Ingredient:
Fluazifop-P-butyl
Butyl (R)-2-[4-[[5-(trifluoromethyl)-2-pyridinyl]oxy]phenoxy]propanoate* ........................................ 24.5%
Other Ingredients ............................................................................................................... 75.5%
Total: .......................................................................................................................... 100.0%

*Fusilade DX herbicide contains 2 pounds (+) isomer (fluazifop-P-butyl) per gallon contains petroleum hydrocarbons.

FAILURE TO FOLLOW THE DIRECTIONS FOR USE AND PRECAUTIONS ON THIS LABEL MAY RESULT IN POOR PEST CONTROL, CROP INJURY, OR ILLEGAL RESIDUES.

Environmental Hazards
This product is toxic to fish and aquatic invertebrates. Do not apply to areas where runoff into water bodies is expected. This product is toxic to grasses and other monocot plants. Minimize exposure to non-target plants and do not apply when weather conditions favor drift from target areas. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE

This label and the federal label for this product must be in the possession of the user at the time of pesticide application.

Follow all applicable directions, restrictions, and precautions on this Supplemental label and the main EPA-registered label. It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.
ALFALFA (GROWN FOR SEED): For control of quackgrass (*Agropyron repens*) in alfalfa grown for seed in Oregon, make two applications of FUSILADE DX herbicide following the application directions on the EPA-registered label.

<table>
<thead>

<tr>
<td></td>
<td>2nd</td>
<td>up to 10 inches</td>
<td>8 fl. oz./Acre</td>
</tr>
</tbody>
</table>

Make the second application 2-3 weeks after the first, but before the quackgrass exceeds 10 inches in height. Always use crop oil concentrate at 1% v/v.

Restrictions/Precautions:
- Do not apply this product through any type of irrigation system.

SPECIAL CROP USE RESTRICTIONS
The pesticide applicator, the producer of the crop, and the seed conditioner must be aware that use of this product according to this labeling is deemed a nonfeed/non-food use by the Oregon Department of Agriculture, and is regulated by Oregon Administrative Rule (OAR) 603-057-0535, Pesticide Use On Crops Grown For Seed. If the applicator of this pesticide is not the producer, the applicator must provide a copy of this labeling to the producer of the crop. Producers of this crop who use this product, or cause the product to be used on a field they operate, must provide a copy of this pesticide label to the seed conditioner.

This pesticide does not have an established pesticide residue tolerance for this crop. Consequently, no portion of this seed crop may be used or distributed for food or feed for 1 year (365 days) after the last application of this product. This restriction pertains to, but is not limited to: green chop, forage, hay, pellets, meal, whole seed, cracked seed, straw, roots, bulbs, foliage or seed screenings, and to the grazing of the crop field, stubble or regrowth. All seed screenings shall be disposed of in such a manner that the screenings cannot be distributed or used for food or feed purposes, as indicated in OAR 603-057-0535. Additional regulations concerning seed screenings are stated in OAR 603-057-0535.

Any seed from a field treated with this pesticide product shall bear specific and conspicuous container labeling, or if shipped in bulk, on the shipment invoice or bill of lading. The labeling shall contain the following statement:

"This seed was produced using one or more products for which the United States Environmental Protection Agency has not established pesticide residue tolerances. This seed, in whole, as sprouts, or in any form, may not be used for human consumption or animal feed. Failure to comply with this condition may violate requirements of the Federal Food and Drug Administration, the Oregon Department of Agriculture and other regulatory agencies."
