PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid breathing dust and avoid contact with skin, eyes, and clothing. Wear protective gloves when applying Impeľ Rods. Wash thoroughly with soap and water after handling and before eating, drinking or smoking. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS
Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previous notification to the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

CONDITIONS OF SALE AND WARRANTY
Viance warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label only when used in accordance with label directions under normal conditions of use. Viance MAKES NO OTHER EXPRESSED OR IMPLIED WARRANTIES EITHER OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE. Handling, storage and use of the product by Buyer or User are beyond the control of Viance. Risks such as ineffectiveness or other unintended consequences resulting from, but not limited to, failure to follow label directions will be beyond the control of Viance. Risks such as ineffectiveness or other unintended consequences resulting from, but not limited to, failure to follow label directions will be beyond the control of Viance.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. READ THE ENTIRE LABEL BEFORE USE.

IMPEĽ® Rods are recommended for the preventive and remedial protection of wood and wood products, including lumber, timbers, logs, millwork, poles, piles, posts, crossties, laminated beams, etc. against fungal decay. The rate of application for IMPEĽ Rods is 6.0 ounces of boric Acid Equivalent (BAE) per cubic foot of wood for remedial treatments and 2.0 ounces of BAE per cubic foot of wood for preventative treatments. IMPEĽ Rods contain 1.45 ounces of BAE per ounce. The following table shows the BAE for each size of IMPEĽ Rods.

IMPEĽ Rods by Size and Boric Acid Equivalent

IMPEĽ Rods are designed to be inserted into decaying wood or wood in high risk areas through drilled holes. They are positioned in such a way that moisture will distribute the desired loadings of preservative throughout the targeted area. There are three steps to install IMPEĽ Rods:

1. Drill appropriate sized holes to accommodate the predetermined number and size of IMPEĽ Rods required;
2. Insert the suitable size and number of IMPEĽ Rods into the holes;
3. Seal the hole with a treated wood dowel, wood filler or caulk.

Drill holes 1/16 inch greater in diameter than the preservative rods to result in a snug fit. This will ensure proper diffusion in all directions from the rod. In addition, leave a minimum of 1/8 inch of headspace between IMPEĽ Rods and hole plug to allow for expansion. After installation, paint or any other type of surface coating may be applied to the wood if desired.

Install IMPEĽ Rods in the general vicinity of where the potential for decay is greatest or where decay exists. IMPEĽ Rods can be inserted through any wood surface depending on access, in either a staggered, linear or angled pattern. Start at 6 inches from a joint or the end of the wood and cover the entire affected length. Linear spacings along the grain should not exceed 6 inches on center and spacings across the grain should not exceed 6 inches on center.

DIRECTIONS FOR WOOD AND WOOD PRODUCTS

For Residential/HomeOwner Use:

Container Handling: Non refillable container. Do not reuse or refill this container. Securely wrap original container in several layers of newspaper and discard in trash or offer for recycling if available.

For Commercial Use:

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in dry conditions at all times and out of the reach of children.

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in dry conditions at all times and out of the reach of children.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved disposal facility.

Container Handling:

Plastic Container: Non refillable container. Do not reuse or refill this container. Offer for recycling if available or reconditioning if appropriate or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities. If partly filled: call your local solid waste agency for disposal instructions.

Cardboard Container: Non refillable container. Do not reuse or refill this container. Offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities.
