LAWN FOOD with MOSS CONTROL 12-0-4

GUARANTEED ANALYSIS

Total Nitrogen (N).....	12%
12% ammoniacal nitrogen	
Soluble Potash (K ₂ O).....	4%
Sulfur (S).....	18%
Iron (Fe).....	8%

FIRST AID	
If in eyes	• Hold eye open and flush slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue flushing eye. • Call a poison control center or doctor for treatment advice.
If on skin or clothing	• Take off contaminated clothing. • Flush skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
If inhaled	• Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for treatment advice.
If swallowed	• Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not allow anything to be vomited by the person.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact the National Pesticide Information Center at 1-800-852-7378 for emergency medical treatment information.

Derived from Ammonium Sulfate, Muriate of Potash and Ferrous Sulfate Monohydrate.
Information regarding the contents and levels of metals in this product is available on the Internet at: <http://www.aapfco.org/metals.htm>

PRECAUTIONARY STATEMENT HAZARD TO HUMANS (AND DOMESTIC ANIMALS)

CAUTION
Keep out of the reach of children. Harmful if swallowed, inhaled, or absorbed through skin. Avoid breathing of dust and contact with skin, eyes, or clothing. Causes moderate eye injury. Remove contaminated clothing and wash clothing before reuse. Wash thoroughly with soap and water after handling.

ENVIRONMENTAL HAZARDS
This pesticide is toxic to fish and aquatic invertebrates and may adversely affect non-target plants. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
Not for use on plants being grown for sale or other commercial use, or for commercial seed production, or for research purposes. For use on plants intended for aesthetic purposes or climatic modification and being grown in ornamental gardens or parks, or on golf courses or lawns.
USE PRECAUTION: Will stain paint or concrete. Remove spillage immediately by sweeping or washing off sidewalks, driveways or other concrete or painted surfaces. Use anytime moss is a problem. Repeat if needed. Rake lawn lightly to remove leaves and dead grass. Mow lawn to expose moss and allow fertilizer to enter soil readily. Apply with spreader at recommended rates. **WATER LAWN IMMEDIATELY AFTER APPLICATION.**

NORMAL FEEDING
For normal control of moss, apply at the rate of four pounds per 1,000 square feet. A 20 pound bag covers 5,000 square feet, 40 pound bag covers 10,000 square feet, properly applied. This application will provide turf with 1/2 pound of nitrogen, 1/3 pound of iron plus potash per 1,000 square feet essential to this early spring treatment.

HEAVY MOSS INFESTATIONS
For heavy infestations of moss, apply at the rate of eight pounds per 1,000 square feet. A 20 pound bag covers 2,500 square feet, 40 pound bag covers 5,000 square feet, properly applied. This application will provide turf with 1 pound of nitrogen, 2/3 pounds of iron plus potash per 1,000 square feet.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.
PESTICIDE STORAGE: Store this product only in its original container in a dry, cool, secured storage area.
CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. If Empty: Place in trash or offer for recycling if available. If Partly Filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
Spill: In case of spill, sweep up product and dispose of material according to "disposal" directions listed above.

SUGGESTED SPREADER SETTINGS*

SPREADER	NORMAL FEEDING
Best Lawn Spreader #50.....	7
Best Broadcaster Spreader #60.....	5
Scotts (All Models).....	5-1/2
Wards #1083.....	5-1/2
Sears #1916.....	6
Ortho #3000.....	5-1/2
Ortho Whirlybird.....	20 lbs./5,000 sq. ft.

Note: Broadcast Spreaders such as the Whirlybird are dependent on the rate of walking and turning speed of the broadcast unit. Carefully calculate the area to be fertilized and make certain the proper number of pounds is applied to the area.

*Settings for spreaders in new condition.
Spreaders will vary and must be checked for accuracy.

NOTICE: Seller warrants that this product consists of the ingredients specified and is reasonably fit for use as directed on the label. No one is authorized to make any other warranty, guarantee, or direction concerning this product. Because the time, place, rate of application and other conditions of use are beyond Seller's control, Seller's liability from the handling, storage, and use of this product is limited to replacement of product or refund of purchase price.
