KEEP OUT OF REACH OF CHILDREN

CAUTION: Harmful if swallowed. Avoid inhaling dust. This product may cause skin irritation. Do not contaminate feed or water source.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Apply protective clothing and equipment when handling runoff from irrigation systems or crop tanks to prevent skin irritation. Use waterproof clothing, rubber gloves, and rubber boots.

USE SAFETY RECOMMENDATIONS

Wash hands and forearms before eating, drinking, chewing gum, using tobacco or going to the toilet. Wash hands immediately after touching work area and equipment. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

DIRECTIONS FOR USE

This is a variation of Federal law to use this product in a manner consistent with the label. Do not be operated by the label and the conditions of the use of agricultural pesticides. In the case of the use of agricultural pesticides, follow the procedures for the selection of the label and the conditions of the use of agricultural pesticides. The procedures for the selection of the label and the conditions of the use of agricultural pesticides are uncontrolled variables.

Agricultural Use Requirements

Use this product only under the supervision of the Weather Protection Standard (40 CFR part 170). This Standard contains requirements for the protection of agricultural workers on farms, forests, and other rural areas where agricultural pesticides are used. It requires controls for the use of pesticides to prevent over-exposure, and to ensure that the use of pesticides is safe for the environment and for human health.

Non-Agricultural Use Requirements

These requirements are in addition to the use of agricultural pesticides as in the Weather Protection Standard (40 CFR Part 170). The WPS applies when this product is used to produce agricultural products on farms, forests, and other rural areas. Do not allow children or pets on treated areas until granules are washed off the soil surface.

FOR CONTROL OF SOIL-BORNE DISEASES AS LISTED ON COTTON - BEANS - CRUCIFERS PEANUTS - POTATOES - LAWNS & ORNAMENTAL TURFS & ORNAMENTAL PLANTS

ACTIVE INGREDIENT: Pyraclostrobin/Fluquinconazole (CRYSTALIN)
