FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF WASHINGTON

CURIO HERBICIDE

EPA REG. NO. 71368-82
EPA SLN NO. WA-10004

DIRECTIONS FOR USE

- It is a violation of federal law to use this product in a manner inconsistent with its labeling.
- His labeling must be in the possession of the user at the time of application.
- Follow all applicable directions, restrictions, Worker Protection Standard requirements, and precautions on the EPA registered label.
- Read and understand the Pacific Coast Cranberry Research Foundation Special Conditions and Disclaimer for use before using Curio™ Herbicide on cranberries.

Curio™ Herbicide may be applied post-emergence for the control / suppression of creeping buttercup in cranberries (bearing and nonbearing).

CROP: Cranberries

DOSAGE Curio™/Acre: 0.5 to 1 oz/acre

APPLICATION INSTRUCTIONS

POSTEMERGENCE: Apply Curio™ as a broadcast spray using 20 to 40 gallons of water per acre with ground spray equipment only.

Apply Curio™ any time after March 1 but no later than 60 days before harvest. Optimum control of creeping buttercup can be achieved from an application made in March or April when the weed is most actively growing.

Spot treatment can be applied only through a calibrated boom to prevent misapplication.

Curio™ is a water dispersible granule that does not include a spray adjuvant. Applications must include one of the following adjuvants: a nonionic surfactant at the rate of 2 pints per 100 gallons of spray solution (0.25% v/v), a crop oil concentrate at the rate of 8 pints per 100 gallons of spray solution (1.0% v/v), or a modified vegetable oil concentrate at the rate of 8 pints per 100 gallons of spray solution (1.0% v/v).

Restrictions/Precautions:
Do not enter or allow worker entry into treated areas during the restricted–entry interval (REI) of 12 hours.
Do not apply more than one application per season.
For use under this SLN do not apply this product through any type of irrigation system.
Do not apply directly to water, to areas where surface water is present, or within 5 feet of any water moving off or through the cranberry field.
Do not apply within 60 days of harvest.

Crop injury may result if crop is under stress conditions caused by cold weather, drought, low fertility, disease or insect damage.

Avoid application if rainfall is expected within one hour.

WSDA Container Disposal Guidance: Completely empty the contents of the pesticide container into application equipment, and apply to a labeled crop or site. The empty container may be disposed of in a sanitary landfill. Burning is not a legal method of container disposal in Washington.

Pacific Coast Cranberry Research Foundation Special Conditions and Disclaimer for Use of Curio™ Herbicide on cranberries.

The Pacific Coast Cranberry Research Foundation (PCCRF) intends that this Section 24(c) label be distributed only by the PCCRF and distributed only to growers who agree in writing to the terms and conditions required by the PCCRF and Nufarm including a waiver and release from all liability and indemnification by the user and/or grower of the PCCRF, Nufarm and others for failure to perform and crop damage from the use of Curio™ Herbicide on cranberries. If such terms and conditions are unacceptable, return Curio™ at once unopened.

This product when used on cranberries may lead to crop injury, loss or damage. The PCCRF recommends that the user and/or grower test this product in order to determine its suitability for such intended use. The PCCRF and Nufarm make this product available to the user and/or grower solely to the extent the benefit and utility, in the sole opinion of the user and/or grower, outweigh the extent of potential injury associated with the use of this product. The decision to use or not to use Curio™ must be made by each individual Curio™ user and/or grower on the basis of possible crop injury from Curio™, the severity of weed infestation, the cost of alternative (pest) controls, and other factors. The PCCRF intends that because of the risk of failure to perform or crop damage that all such use is at the user’s and/or grower’s risk, to the extent consistent with applicable law.

This Special Conditions and Disclaimer statement is required by the PCCRF and Nufarm, and is not required or enforced by the USEPA or the WSDA.

This label for Curio™ Herbicide expires and must not be distributed or used in accordance with this SLN registration after December 31, 2018.
