**Kills adults, larvae & eggs
Controls odors in drain & waste areas.**

Manufactured by: TyraTech, Inc., 5151 McCrimmon Parkway, Suite 275, Morrisville, NC 27560

Distributed by: Novartis Animal Health

For technical information call 1-800-637-0281.

PRECAUTIONARY STATEMENTS

With direct contact, may cause moderate eye irritation. Wash thoroughly with soap and water after handling. Avoid contact with eyes, skin, clothing, or plants.

INSECTS CONTROLLED

For the control of drain flies, moth flies, fruit flies, phorid flies, house flies, gnats, and other crawling and flying insects found in drain, restroom, manure storage and waste pit areas. Kills pests on contact.

WHERE TO USE

For use in and around farm buildings such as barns, stables, milking

parlours, dairies, calf houses, piggeries, poultry houses, warehouses, stores, lavatories, farm offices, farmhouses and other associated areas where insect control is necessary. Product use permitted in other areas or facilities when product is used according to label directions.

STORAGE AND DISPOSAL

Store at room temperature in a dry area away from heat or open flame. Do not reuse container. When container is empty, recycle if available or dispose of in the trash. Keep out of reach of children.

FIRST AID

If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. If on skin: wash thoroughly with soap and water. If inhaled: move affected person(s) to fresh air. If ingested: rinse mouth out with water and contact a doctor for treatment advice. If irritation develops, contact a doctor or poison control center for treatment advice. Have the product label or container with you when calling a doctor or going for treatment.

DIRECTIONS FOR USE

Product is ready-to-use. Shake product before use. May be used for direct contact kill and for short-term repellency. Direct nozzle at target and spray until thorough coverage is achieved. For best results, spray product directly on insects. Spray areas where insects feed or forage, such as: drains, sinks, urinals, waste areas, dumpsters, and any other areas where insects may be hiding or harboring. Reapply as often as needed. To control existing drain fly infestations and prevent re-infestation, spray product inside, outside and around drains or other places where drain flies breed. For best results, spray daily: once in the morning and once in the evening after cleaning.

TO CONTROL ODORS

Spray in and around sources of odor: drains, sinks, urinals, waste areas, dumpsters, and any other areas where insects may be hiding

or harboring. Reapply as often as needed. Do not apply on or around electrical wiring. Do not apply to cooking equipment or appliances. Treated surfaces may be slippery when wet. Prior to use, spray a small inconspicuous area to check for possible staining. Excessive residue may be wiped up with a clean cloth. Read entire label prior to use and use product as directed.

This product has not been registered by the United States Environmental Protection Agency. TyraTech Inc. represents that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide and Rodenticide Act.
