## READY TO USE INSECT KILLER

Controls ants, roaches, bed bugs, flies, waterbugs, spiders, and other crawling and flying pests on contact.

**Manufactured by:** TyraTech, Inc., 5151 McCrimmon Parkway, Suite 275, Morrisville, NC 27560

**Distributed by:** Novartis Animal Health  
For technical information call 1-800-637-0281.

**PRECAUTIONARY STATEMENTS**

With direct contact, may cause moderate eye irritation. Wash thoroughly with soap and water after handling. Avoid contact with eyes, skin, clothing, or plants.

**WHERE TO USE**

For use wherever insect control is needed; Farm buildings such as barns, stables, milking parlours, dairies, calf houses, piggeries, poultry houses, warehouses, stores, lavatories, farm offices, farmhouses, slaughter houses and other associated areas where insect control is necessary. Product use permitted

in other areas or facilities when product is used according to label directions.

**DIRECTIONS FOR USE**

Product is ready-to-use. Shake product before use. May be used for direct contact kill and for short-term repellency. Direct nozzle at target and spray until thorough coverage is achieved. For best results, spray product directly on insects. Spray trails, nests and areas where insects feed or forage, such as: drains, sinks and counters, behind and under appliances, door frames, vents, cracks, crevices, waste areas and any other area where insects may be hiding or harboring.

May be used on countertops or other food preparation areas. Reapply as often as needed. Do not apply on or around electrical wiring. Do not apply to cooking equipment or appliances while hot. Treated surfaces may be slippery when wet. Prior to use, spray a small inconspicuous area to check for possible staining. Excessive residue may be wiped up with a clean cloth. Read entire label prior to use and use product as directed.

For maximum control of drain flies, use Natunex Drain Fly Killer as part of a regular drain fly program.

**STORAGE & DISPOSAL**

Store at room temperature in a dry area away from heat or open flame. Do not reuse this container. When container is empty, recycle if available or dispose of in the trash.

**FIRST AID**

If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. If on skin: wash

thoroughly with soap and water. If inhaled: move affected person(s) to fresh air. If ingested: rinse mouth out with water and contact a doctor for treatment advice. If irritation develops, contact a doctor or poison control center for treatment advice. Have the product label or container with you when calling a doctor or going for treatment.
