2,2-Dibromo-3-nitrilopropionamide

**ACTIVE INGREDIENT:**
A MICROBICIDAL BACTERICIDE, FUNGICIDE, ALGAECIDE AND ENHANCED OIL RECOVERY SYSTEMS, AIR-WASHER SYSTEMS, INDUSTRIAL PRESERVATION APPLICATIONS AND PUBLICLY-WATER IN INDUSTRIAL COOLING SYSTEMS, PAPER MILLS, BIOBROM

See side panels for additional precautionary statements.

**FIRST AID**

- If in eyes: Hold open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Open eyes wide and rinse slowly and gently with water for 15-20 minutes. Scalding can occur from high temperatures.
- Call a poison control center or doctor for further treatment instructions.

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

- Do not get in eyes, on skin or on clothing.
- Do not ingest.
- Keep out of reach of children.

**PRECAUTIONARY STATEMENTS**

- **Hazard Statement:** Corrosive causese irreversible eye damage and severe burns on contact with skin.
- **Precautionary Statement:** Use with caution. Read all precautionary statements before handling. Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.
- **First Aid Measures:**
  - **Inhalation:** Move person to fresh air. If breathing is difficult, give oxygen. If breathing stops, call a doctor promptly. Provide artificial respiration if needed. Avoid breathing of gas or fumes.
  - **Skin Contact:** Rinse with plenty of water. If necessary, remove contaminated clothing and wash with soap and water. Remove and wash contaminated clothing before reuse.
  - **Eye Contact:** Immediately flush eyes with plenty of water for 15 minutes, lifting upper and lower eyelids. If irritation persists, call a doctor.
  - **_Ingestion:** Do not induce vomiting unless told to do so by the physician. Drink 1-2 glasses of water. Call a physician or poison control center for treatment.

**GLOVES AND PERSONAL PROTECTIVE EQUIPMENT**

- Use gloves and protective clothing when handling this product in the normal course of operations, and during spills.

**ENVIRONMENTAL HAZARDS**

- This product may combine with other chemicals or waste materials to form hazardous reaction products.
- **Physical or Chemical Hazards:** Reducing strong reducing agents may be explosive. Avoid contact with strong oxidizing agents. Use with caution. Reaction products may be explosive. Use in a well-ventilated area. Reaction products may be explosive.

**STORAGE AND DISPOSAL**

- Do not release the product or waste material to the environment. Do not incinerate. Store in a cool, dry, well-ventilated area.

**COMPATIBILITY**

- **Incompatible Materials:** This product will react with incompatible materials. Mixing with incompatible materials in the ratio of 3:1 or greater is not recommended.

**HAZARDS OF EXPOSURE**

- Ingestion
  - **Acute toxicity:** LD₅₀: Not Available (NA).
  - **Subchronic toxicity:** Not Available (NA).
  - **Carcinogenicity:** Not Available (NA).
  - **Irritancy:** Not Available (NA).
  - **Sensitization:** Not Available (NA).
