**X-EMPT Bio-Based Herbicide** is a non-selective persistent herbicide for use where control of all vegetation is desired.

- X-EMPT is:**
- Earth Smart® Certified
  - 100% Bio-based
  - Water-based
  - 99% of Product Made from FDA's GRAS (Generally Recognized as Safe) Ingredients

**DIRECTIONS FOR USE:**

Using a sprayer, thoroughly saturate weeds to ensure good coverage. Browning of vegetation is visible within a few hours after treatment. Repeat after one to two weeks if necessary for stubborn weeds.

Best when applied during active growing season and on sunny days. Temperatures below 60°F may slow down the effect. Re-treatment may be required if it rains on the same day of treatment.

For control of most annual and perennial weeds and grasses, use 1 gallon per 1000 square feet (40 gallons per acre).

**SPRAY DRIFT MANAGEMENT:**

A variety of factors including weather conditions (e.g. wind direction, wind speed, temperature, relative humidity) and method of application can influence pesticide drift. The applicator must evaluate all factors and make appropriate adjustments when applying this product.

**WIND SPEED:**

Do not apply at wind speed greater than 15 mph. Only apply this product if the wind direction favors on-target deposition and there are not sensitive areas (including, but not limited to, residential areas, bodies of water, known habitat for non-target species, non-target crops) within 250 feet downwind. If applying a medium spray, leave one spray width at the downwind edge of the treated field.

**PRECAUTIONARY STATEMENTS:**

May cause skin irritation. May cause eye irritation. May cause respiratory irritation.

Avoid breathing dust/kane/gas/mist/vapors/spray. Wash skin thoroughly after handling. Take off contaminated clothing and wash before reuse. Use only outdoors or in a well-ventilated area. Wear protective gloves/eye protection/face protection. Store in a well-ventilated place. Keep container tightly closed.

**Active Ingredients:**

Sodium Chloride	12.5%
Clove oil	8.0%
<b>Other Ingredients:</b>	
Water, Polyglyceryl Oleate, Bentonite, Xanthan Gum	79.5%
<b>TOTAL</b>	<b>100.0%</b>

**FIRST AID MEASURES:**

**IF IN EYES:** Flush with plenty of cool water for at least 15 minutes while holding eyelids open. If irritation persists, call a physician or poison control center.

**IF ON SKIN:** Flush with plenty of cool water for 5 to 10 minutes. Take off contaminated clothing. Wash with soap and water. If irritation persists, call a physician or poison control center.

**IF INHALED:** Remove to fresh air. If discomfort occurs and persists, call a physician or poison center.

**IF INGESTED:** Call a physician or poison control center immediately. DO NOT induce vomiting unless told to do so by a physician. If conscious, give several glasses of water. Never give anything by mouth to an unconscious person.

An MSDS for this product is available through United's website, [www.unitedlabsinc.com](http://www.unitedlabsinc.com), providing 24 hour access. Please read the MSDS carefully and follow all directions when using or handling this product. Never reuse empty containers. Incompatible materials may adversely react.

This product has not been registered by the United States Environmental Protection Agency. United Laboratories, Inc. represents that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA).

**Storage:** Keep containers tightly closed when not in use. Store in a cool, dry, well-ventilated area in a properly labeled, closed container. Keep out of reach of children.

**Disposal:** When container is empty, rinse and recycle, if available. If recycling is not available, wrap and place container in a trash collector. For product disposal consult your local, state, provincial, and federal regulations for proper disposal guidelines.
