FORCE OF NATURE™
INSECTICIDE

may be used indoors or outdoors on a contact spray for flying and crawling pests commonly found in and around the home. This product contains Pyrethrum, derived from a Chrysanthemum flower to give fast and effective kill on contact. Pyrethrum will also "flush" hiding insects, which then allows you to spray those for instant control kill.

PRECAUTIONARY
STATEMENTS

HAZARDS TO HUMANS
AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Harmful if inhaled through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, smoking, or using tobacco. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutter or surface water. Applying this product in rain or during heavy dew will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. This product is highly toxic to bees exposed to direct treatment or lingering crops or seeds. Do not apply this product or water to be used in beekeeping crops or seeds, while bees are actively visiting the treatment area.

PHYSICAL OR CHEMICAL HAZARDS

Do not use this product in or on electrical equipment because of shock hazard.

EASY TO USE • NO MIXING OR MEASURING • FOR INDOOR OR OUTDOOR USE

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read and follow all directions for use.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Store in a cool, dry area. Always store pesticides in the original container. Store in an upright position only. Store with away from secure closed. Do not store with spray or other type of product in container. Store away from food and pet food.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. Do not flush. Call your local solid waste agency for disposal instructions. Never place unused product into the trash or in storm drains.

FIRST AID:

IF SWALLOWED:

-Immediately call a Poison Control Center or doctor.
-Do not induce vomiting unless told to do so by a poison control center or doctor.
-Have person sip a glass of water if able to take.
-Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING:

-Take off contaminated clothing.
-Flush skin immediately with plenty of water for 15-20 minutes.
-Call poison control center or doctor for treatment advice.
-Have the product container or label with you if you call a poison control center or doctor, or going for treatment. For information regarding medical emergencies or poison control centers, call 1-800-222-1222.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

—SHAKE WELL BEFORE USING—
Do not allow adults, children, or pets to enter the treated area until sprays have dried. Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.
Do not water the treated area to the point of run-off. Do not wet articles to the point of runoff or drip. Do not use treated article until spray has dried. Remove pets, birds, and cover fish aquariums before spraying. Do not make applications during rain. Do not wet plants to the point of runoff or drip. Remove or cover exposed food and drinking water before application. Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use.
All outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted use: application to vegetation. Application is prohibited directly into sewers or drains, or to any area where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

Busch Doctor Force of Nature™ Insecticide may be used indoors or outdoors as a contact spray for flying and crawling pests commonly found in and around the home. This product contains Pyrethrum, derived from a Chrysanthemum flower, to give fast and effective kill on contact. Pyrethrum will also "flush" hiding insects, which then allows you to spray them for immediate contact kill. Adjust spray nozzle to give a coarse, wet spray.

FOR INDOOR HOUSEPLANTS

Phytotoxicity Note: Plant safety is an important consideration when using insecticides. However, it is not possible to evaluate the potential adverse effects of this product on numerous plant varieties that may react differently to insecticides in different growth stages or under varying environmental conditions. Before making widespread applications of this product treat a limited number of plants and observe for adverse effects over a one to 10 day period.

HOW TO APPLY:
Wearing household latex or rubber gloves, use this ready-to-use bottle to apply product. Water plant thoroughly. Turn spray nozzle to the on position, and hold spray nozzle about 12" from the plants. Spray lightly, covering insects on upper and lower leaf surfaces until surfaces are slightly wet. Avoid over-saturation. Turn off any circulating fans to avoid drift and contact with eyes and skin.

WHEN TO APPLY:
Use at first signs of insect infestation, preferably before damage and feeding occurs. Do not wait until plants are heavily infested.

WHERE TO USE:
Use on common houseplants.

Use Restrictions
- Do not water the treated area to the point of run-off.
- Do not reapply within 3 days except under extreme pest pressure.
- In case of extreme pest pressure, do not reapply within 24 hours.
- Do not apply more than 1 time per day.
- This product is not for use on plants being grown for sale or other commercial use.

PRODUCT FACTS:

Kills: Common insects found on House Plants, including: Aphids, Fungus Gnats, Mealybugs, Mites, Scale, Spider Mites, Springtails, Thrips (Exposed), Whiteflies and other listed insects.
