**DIRECTIONS FOR USE:**

Dilution: To prepare a 1:40 dilution of the disinfectant, add 1 oz. of the product to 39 oz. of water. To prepare a 1:64 dilution, add 1 oz. of the product to 63 oz. of water.

**Preparation of Disinfectant Use-Solution:** Mix ¼ oz. per gallon of water (1:64) for heavy-duty use, or ½ oz. per gallon of water (1:32) when a less intense disinfectant is needed.

**DISINFECTIVE/DEGRADER:** Apply use-solution to hard, non-porous surfaces. Thoroughly wet surfaces with a cloth, sponge, or sprayer. For finishes and non-removable residues, operate surfaces minimum for 5 minutes. Dip or spray a cloth, sponge or a similar object into the use-solution to be applied to the dry, un-cleaned area, spreading a sufficient amount to cover the area. For porous surfaces, apply a use-solution spray. Spray 4-8 inches from the surface to be treated, using a broad, sweeping motion. Allow the use-solution to contact the surface for the specified Contact Time.

**Contact Time:**

- **5 minutes:** To disinfect or deodorize.
- **15 minutes:** To control a 2-log reduction.
- **30 minutes:** To control a 3-log reduction.
- **60 minutes:** To control a 4-log reduction.

**Contact Times**

- **Blood and Body Fluids:** 5 minutes of contact time is necessary to control HIV, HBV, HCV, and other bloodborne pathogens. This product is effective for use on hard, non-porous surfaces in the hospital environment against HIV-1, HBV, HCV, and influenza virus (H7N9).
- **Viruses:** This product is effective against the common cold virus, norovirus, rotavirus, parvovirus B19, and norovirus.
- **Bacteria:** This product is effective against many bacterial species, including Staphylococcus aureus, Enterococcus faecalis, and Pseudomonas aeruginosa. It also controls Staphylococcus aureus MRSA, Staphylococcus aureus VRE, and Klebsiella pneumoniae.
- **Fungi:** This product is effective against Candida albicans and Aspergillus fumigatus.
- **Parasites:** This product is effective against Giardia lamblia and Cryptosporidium parvum.

**Clean-up**

- **Personal protection:** Use protective clothing, including gloves, gowns, and masks, when cleaning and decontaminating areas contaminated with blood and body fluids. Clean-up must always be done wearing protective gloves, gowns, masks and eye protection. Clean-up Procedures: Follow and other procedures approved by local and state health officials. Follow procedures for cleaning and decontaminating areas contaminated with blood and body fluids. If not specified in local, state, or federal regulations, this product is effective for use on non-medical surfaces, including: PPE, medical device surfaces, health care equipment, and medical waste.

**DISINFECTANT**

- **One-Step Disinfectant Virucide:** Remover glass fiber and is effective on 1:40 dilution, for a 4-log reduction, for 5 minutes of contact time. From Cure: 1 oz. per gallon of use-solution, and use for 4-log reduction. This product is effective for use on hard, non-porous surfaces in the hospital environment against HIV-1, HBV, HCV, and influenza virus (H7N9).

**ACTIVE INGREDIENT**

- **Alkyl (67% C12, 25% C14, 7% C16, 1% C18) dimethyl benzyl ammonium chloride:** 10.74%
- **Alkyl (67% C12, 25% C14, 7% C16, 1% C18) dimethyl benzyl ammonium chloride:** 73.15%
- **Other Ingredients:** 16.11%

**NET CONTENTS:** 1 U.S. GALLON (3.78 L)

**STORAGE AND DISPOSAL**

**STORAGE:**

- **Do not freeze, do not store below 50°F (10°C).**
- **Do not store near heat, open flame or moisture.**
- **Keep in a cool, dry place.**

**DISPOSAL:**

- **Do not dispose of in the trash.**
- **Consult local regulations for proper disposal.**

**DISINFECTANT STORAGE**

- **Clean and dry any surfaces with a cloth, sponge or mop.**
- **Do not wash dry clean.**
- **Avoid contact with eyes, mouth, or skin.**

**PESTICIDE STORAGE**

- **Follow storage and disposal instructions for rinsate. If not triple rinsed, these containers are acute hazardous wastes and must be disposed in accordance with local, state, and federal regulations.**

**CONTAINER DISPOSAL**

- **Nonrefillable Container. Do not reuse or refill this container. Clean container promptly after emptying.**

- **Triple rinse as follows:**
  - Fill container ¼ full with water and reclose the container. Agitate vigorously, and dispose of rinsate consistent with pesticide storage and disposal instructions. Repeat two more times. Then offer for recycling if available or puncture and dispose in sanitary landfill.

- **Disposal:**
  - Do not dispose of in the trash.**

**FIRST AID:**

- **If swallowed:**
  - Do not give anything by mouth to an unconscious person.
  - Wash the mouth thoroughly with water and/or induce vomiting unless told to do so by a poison control center or doctor.

- **If in eyes:**
  - Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye.

- **If on skin:**
  - Wash skin immediately with soap and water for at least 15 minutes.

- **If inhaled:**
  - Move person to fresh air. If person is not breathing, call a poison control center or doctor for treatment advice.

- **For Hospitals, Institutional and Industrial Use.**

- **KEEP OUT OF REACH OF CHILDREN**

- **Caution:**
  - Keep out of reach of children.
  - Do not allow children to be exposed to this product.
  - This product is not for use on food contact surfaces.

- **For Hospitals, Institutional and Industrial Use:**

- **DANGER:**
  - Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. May be fatal if inhaled or absorbed through skin. Harmful if swallowed. Do not breathe vapor or spray mist. Wear appropriate protective equipment such as goggles, face mask or safety glasses. Wear protective clothing and provide a working knowledge of the use-solution to all users.

- **Hazard:**
  - Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. May be fatal if inhaled or absorbed through skin. Harmful if swallowed. Do not breathe vapor or spray mist. Wear appropriate protective equipment such as goggles, face mask or safety glasses. Wear protective clothing and provide a working knowledge of the use-solution to all users.

- **Control Agency:**
  - Centers for Disease Control and Prevention, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

- **Pesticide Disposal:**
  - If not triple rinsed, these containers are acute hazardous wastes and must be disposed in accordance with local, state, and federal regulations.

- **Other Ingredients:**
  - 73.15%
