SHAKE WELL BEFORE USING

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

PRECAUTIONS AND RESTRICTIONS
- For indoor use only.
- Do not apply on children, pets, or floors. Do not use treated area until treated surfaces are dry.
- Do not wet articles to point of runoff or drip. Do not use treated area until treated surfaces are dry.
- Do not apply exposed food and drinking water before application.
- Do not apply furniture, drapes, rugs or upholstered furniture.
- Avoid wetting or saturating furniture or carpet. An evenly applied fine mist spray is sufficient. Do not spray wood furniture, floors or trim as water spotting may occur.
- Do not apply in a way that will contact adults, children, or pets, either directly or through drift. Do not apply to floors, windows, or doors before application.
- Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. Do not apply while food processing, preparation, or serving is underway.

INDOORS: Thoroughly vacuum all carpeting, upholstered furniture, drapes, and baseboards, under furniture, and in closets. Seal vacuum bag and dispose of in outdoor trash. Spray Mycodex® Plus Environmental Control® Aerosol Household Spray from a distance of two to three feet from surface being treated. Apply with a smooth back-and-forth motion to carpets, drapes, rugs and upholstered furniture. Avoid wetting or saturating furniture or carpet. An evenly applied fine mist spray is sufficient. Do not apply at the maximum application rate, use 2 oz (a 30 second spray) to cover 125 sq ft. Do not spray wood furniture, floors or trim as water spotting may occur. Repeat treatment as necessary to eliminate fleas and ticks. Apply directly to exposed insects: roaches, ants, spiders, crickets, centipedes, waterbugs, silverfish and sowbugs.

PET BEDDING: Treat pet bedding and nesting places. Apply a uniform spray to nearby cracks and crevices, along baseboards, and door and window sills and localized areas where fleas, ticks or lice may be present as these are primary hiding places for these pests. Remove and replacement of pet bedding after treatment is not necessary.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in a cool, dry area out of the reach of children. Protect from freezing. PESTICIDE DISPOSAL AND CONTAINER HANDLING: Do not puncture or incinerate container. If empty, Place in trash or offer for recycling. If partly filled: Call your local solid waste agency for disposal instructions.

In case of emergency, or for questions or comments, call 1-888-241-9545.
