When the system is noticeably fouled, add this treatment product. For guidance, contact your State Water Board or Regional Office of the EPA. For information, contact the nearest EPA Field Office or an affiliated company of Dow Chemical.

Nonrefillable container:

CONTAINER DISPOSAL:

• Store in a dry area. Keep container closed when not in use.
• Do not contaminate water, food or feed by storage or disposal.
• Do not discharge effluent containing this product in or above water or within 100 feet of any surface water or wetland area.
• Use only in amounts necessary to meet the objective of the treatment (use of excessive amounts of the product is not justified).

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates. Do not discharge containing this product into lakes, streams, ponds, septic tanks, drain systems, or other waterways or bodies of water without first neutralizing the active ingredient with an approved neutralizing agent such as 10% by volume of sodium bicarbonate. Follow the label directions for constructing a neutralizing agent.

DISPERSIBILITY

In water: When dispersed in warm water, the product suspends and disperses readily. For dispersed suspensions, use carrier water and/or other ingredients as required to promote dispersion of the material.

USE IN PAPER MILL COATINGS

This product aids in the control of objectionable fungi in pulp, paper mills, and the preservation of paper plant storage. AMICAL 48 can be used without adversely affecting the paper products produced. AMICAL 48 will impart protection when dosed at 0.01 to 0.3% in the production processes. AMICAL 48 will impart protection when dosed at 0.01 to 0.3% in the production processes.

USE IN PIGMENT DISPERSIONS, INKS, EMULSIONS AND ESTERIFICATION SLURRIES

To inhibit the growth of fungal spores in water-based coatings and slurries. AMICAL 48 will impart protection when dosed at 0.01 to 0.3% in the production processes. AMICAL 48 at a point in the production processes where sufficient mixing will assure good suspension of the material as other ingredients are added.

USE IN ADHESIVES, CAULKS AND SEALANTS

AMICAL 48 is for use in adhesives and binders, e.g., joint compounds, tile mastics, wallboard adhesives, and other large-scale systems where it is not cleaned for use in the sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA. For information, contact the nearest EPA Field Office or Board.

USE IN TEXTILES AND NON-WOVENS (Non-clothing)

Use AMICAL 48 for cleaning and disinfecting environments, carpet backing, coupon, drapes, filters, and shower curtains. Use only to treat carpet backing. Not for use near food. Avoid exposure of outdoor furniture and vehicles to heavy rain events.
