MAGUARD® 5626

ACTIVE INGREDIENTS:
Hydrogen Peroxide ........................................ 27.3%
Peracetic Acid .................................................. 6.9%
OTHER INGREDIENTS: ........................................ 56.8%
TOTAL: .................................................................. 100.0%

KEEP OUT OF REACH OF CHILDREN
DANGER PELIGRO
See side panel for additional precautionary statements.

FIRST AID

In case of emergency, call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes.

IF ON SKIN OR CLOTHING: Wash skin with soap and water for 15 - 20 minutes. Remove contaminated clothing and wash before reuse.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

DIRECTIONS FOR USE

This product is toxic to birds, fish and aquatic invertebrates. Do not disperse effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not disperse effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Control Board or Regional Office of the EPA.

UTILITY HAZARDS

DOMESTIC ANIMALS

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE

Site only in original container. Keep the product under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use. Never return this product to the original container after it has been removed. Avoid all containers, especially 55-gallon drums. Empty and transport from drums. Keep combustible and impurities will reduce shelf life and can induce decomposition. In case of decomposition, isolate container, draw container with cold water and dilute this product with large volumes of water. Avoid damage to containers. Keep container closed when not in use. Keep container out of direct sunlight. To maintain product quality, store at temperatures below 40°F. Do not store on wooden pallets.

PROCEDURE FOR LEAK OR SPILL:
Stop leak if this can be done without risk. Shut off ignition sources; no flames, smoking, flares, or spark producing tools. Keep combustible and organic materials away. Flush spilled material with large quantities of water. Unlabelled material must not enter confined spaces.

PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray residues or rinse is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance. If material has been spilled, an acceptable method of disposal is to dilute with at least 20 volumes of water followed by discharge into suitable treatment system in accordance with all local, state, and federal environmental laws, rules, regulations, standards, and other requirements. Because acceptable methods of disposal may vary by location, regulatory agencies must be contacted prior to disposal. This product which is to be discarded must be disposed of as hazardous waste after contacting the appropriate local or federal agency to determine proper procedures.

CONTAINER DISPOSAL: Non-Refillable Container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Fill the container 1/2 full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Restart the container on its end and tip back and forth several times. Turn the container over onto its other end and tip back and forth several times. Follow Pesticide Disposal instructions for residue disposal. Repeat this procedure two more times. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.
